

MakeMe[®] by Brasca

Ready to use make up *performance concentrate*,
the ultimate formulating innovation.

Thanks to more than 70 years heritage in the developing and manufacturing of personal care ingredients, **MakeMe® by Brasca** is the vanguard solution embracing the clean beauty and sustainability standards' formulating demands, in a unique and concrete product.

Each **MakeMe® by Brasca** is a synergy of ingredients that simplifies the formulating process giving a time saving product ready to be customized just adding your preferred shades of color.

MakeMe®

Venezia

MakeMe® Venezia is the result of the perfect selection, combination and balance between high performance sustainable and eco-friendly ingredients which confer a luminous finish, a customizable color and soft and silky touch. The synergy with your chosen pigment brings to life a unique product.

INCI: Triolein, Glyceryl Dioleate, Lauroyl Lysine, Zea Mays Starch, Polyvinyl Alcohol, Glycerin, Brassica Campestris Seed Oil, Tocopherol, Rosmarinus Officinalis Leaf Extract.

MakeMe® Venezia + Pearlescent pigments and Fragrance = YOUR FINAL PRODUCT!

MakeMe®

Portofino

MakeMe® Portofino confers a lightweight finish, dry touch and rolling texture which represents a perfect balance between high performance, low environmental ingredients. **MakeMe® Portofino** is specifically designed to obtain a finished product by simply adding your shade of color.

INCI: Ethylhexyl Pelargonate, Zea Mays Starch, Polyvinyl Alcohol, Glycerin, Silica.

MakeMe® Portofino + Pearlescent pigments = YOUR COLORFUL MAKEUP!

MakeMe®

Capri

MakeMe® Capri is a smooth synergy between high performance vegan ingredients, providing a lightweight and powdery touch to the product. **MakeMe® Capri** allows you to obtain a finished product, completely customizable thanks to different color combinations.

INCI: Ethylhexyl Pelargonate, Tripelargonin, Rhus Succedanea Fruit Cera, Glyceryl Stearate, Stearic Acid, Helianthus Annuss Seed Cera, Zea Mays Starch, Polyvinyl Alcohol, Glycerin.

MakeMe® Capri + Pearlescent pigments = SHINE BRIGHT!

MakeMe®

Taormina

MakeMe® Taormina is a velvety butter obtained thanks to the combination between natural origin esters and structuring agents, for an easy to use and silky touch formulation. The result is a performance concentrate that can be customized just adding your preferred shades of color.

INCI: Tripelargonin, Lauroyl Lysine, C10-18 Triglycerides, Polyglyceryl-2 Isostearate/Dimer Dilinoleate Copolymer, Zea Mays Starch, Polyvinyl Alcohol, Glycerin.

MakeMe® Taormina + Pearlescent pigments and Aroma = COLOR YOUR PRESENT!

MakeMe®

Milano

MakeMe® Milano combines, in a unique solution, the perfect balance between high performance natural origin ingredients, which confer a thick consistency, glossy finish and extra comfort on the lips.

INCI: Polyglyceryl-2 Isostearate/Dimer Dilinoleate Copolymer, Triolein, Glyceryl Dioleate, Ethylhexyl Pelargonate, C10-18 Tryglicerides, Oryza Sativa Bran Wax.

MakeMe® Milano + Pearlescent pigments and Aroma = DONE! YOUR GLAM IS HERE

MakeMe®

Roma

MakeMe® Roma consists in a natural origin performance concentrate obtained thanks to the synergy and balance between various viscous esters and waxes designed to obtain highly structured sticks. The addition of your preferred shades of color gives a personal and unique touch to the product.

INCI: Triolein, Glyceryl Dioleate, Heliantus Annuss Seed wax, Tripelargonin, o-Cymen-5-ol.

MakeMe® Roma + ColorEst® = SUPER SIMPLE, SUPER COLOR!

MakeMe® *Crema*

MakeMe® Crema has been designed to create colored emulsions such as mascara, foundation, and BB cream. Additionally, it enables the creation of O/W emulsions using the “One Pot” method, making the product development steps more efficient and functional.

INCI: Polyglyceryl-3 Stearate, Tripelargonin, Cetearyl Alcohol, Helianthus Annuss Seed Cera.

**MakeMe®
Crema** + ColorGLAM® + Water Phase = VERSATILE, COLOR EMULSION SOLUTION!
